“Job Orientation Service
Orvieto”

an internship for...

Where:

Orvieto

Duration:

7 months

Description:

The project **An internship for...** gives the opportunity to young people in the final phase of a rehabilitation course to carry out an internship at the enterprises of the territory of Orvieto

Target group:

8 young people from the Lahuén Community who are finishing their therapeutic path and who will, once they leave the Community, rebuild their social and working lives.

Topic:

Social and labour integration of vulnerable young people

Objectives:

- Facilitate the transition from the rehabilitation path to the social dimension;
- Support young people in a work experience;
- Support the youth in the management of a small salary
- Sensitize the companies of the Orvieto area to the issue of the employment of people suffering from forms of mental illness.

an internship for...

Activities:

- Placement of the guys in a company of the territory of Orvieto;
- Training for companies reception;

- Final evaluation of the Internship path

Impact:

- Facilitation of the passage from the path rehabilitation to the social dimension for 8 youth in the final phase of the rehabilitation path;
- 8 young people involved in an internship;
- 8 youth learned to manage a small salary;
- Local companies are sensitized to the issue of employment of people with mental illness.

We believe that beyond categories, vulnerabilities have a common thread that leads back to fragility of the ego.
