INTESA  SANPAOLO

La Casa Delle Arti e Mestieri

Where:

Orvieto

Duration:

12 months

Description:

A pilot project that foresees the implementation of two vocational training workshops (sewing and screen printing; small crafts and repairs) managed by a multidisciplinary team that combines therapeutic support with professional development, creating the conditions for full reintegration.

Theme:

Training and job placement.

Target group:

20 NEET young adults aged 18 to 36 with dual diagnosis.

Objectives:

- To facilitate the reintegration into the national territory of young people with dual diagnosis at the end of their stay in high-intensity care facilities.
- To provide vocational training opportunities for young people with dual diagnosis

Attività:

- Assessment of initial skills through preparatory interviews for workshop placement
- Tutoring for the validation of acquired technical skills
- Sewing and screen printing workshop
- Small crafts and repairs workshop
