

## LABORATORIO di COMUNICAZIONE INCLUSIVA

### **Where:**

Orvieto

### **Duration:**

6 months

### **Description:**

The **Laboratorio di comunicazione inclusiva** is a drawing and painting course, created from the dual desire to offer young people art as a means of expression and to use the materials they produce as the basis for our association's communication campaigns.

### **Topic:**

Social inclusion, empowerment of girls and boys in dual diagnosis.

### **Target Group:**

10 girls and boys from the Lahuén Community who are finishing their therapeutic course, and who will have to, once they leave the Community, rebuild their lives, both social and working.

### **Objectives:**

- To create through the workshop a safe space of discovery in which girls and boys can acquire technical-artistic skills;
- To foster the boys' and girls' sense of self-efficacy through progressing in an activity that yields concrete results;
- To use the material produced by the boys and girls as the basis for the association's communication campaigns.

**Activity:**

- Creation of a workshop of drawing and painting;
- Digitization of materials produced within the laboratory;
- Final exhibition.
